

# REFRAIN

Freely inspired by  
“Clytemnestra or the crime”  
by  
di Marguerite Yourcenar

written, directed and interpreted by Annika Strøm

## TECHNICAL EQUIPMENT

### STAGE PLAN:

Performance app. 50 minutes length (no break), 2 people incl. 1 actors, 1 technician.  
Stage design: a chair.  
Stage dimensions (minimum): 6 m wide X 5 m deep.

### LIGHT

16 PC light 1 KW:  
If the theatre/space is small less lights will be necessary.  
No colour gels.  
No changes of light in the entire show.  
A simple light design that gives a homogenous lightning to cover the whole.  
The play may be showed in different spaces, theatrical and not.

If the light design is to be mounted from scratch it is needed approx. 1 hour and 40 minutes to prepare the stage.

If the light design is more or less settled it will take approx. 15 minutes to prepare the stage.  
To dismantle the stage design; approx. 15 minutes.

### SOUND SYSTEM

No music during the show. Sound system not necessary

### SUBTITLES

If are used subtitles (in English, French and Norwegian) the theatre has to provide the technical equipment for the subtitles.
